# ELITE SK 7.5 for Mercedes-Benz VARIO

## Technical Data

### Chassis

Type	Mercedes-Benz VARIO 4x2 and 4x4
Wheel base	3700 mm

### Dimensions

Vehicle	Length 6.26 m	Width 2.24 m	Height 2.67 m
Body	Length 4.16 m	Width 2.24 m	
Load bed	Length 3.40 m	Width 1.16 m	Height 0.56 m
Bumper / Workbench	Width 2.24 m	Depth 0.47 m	

### Storage compartments

First front compartment, right	Height 1.42 m	Width 1.21 m	Depth 0.46 m
First front compartment, left	Height 1.04 m	Width 1.14 m	Depth 0.46 m
Second front compartment, right	Height 1.04 m	Width 0.57 m	Depth 0.46 m
Second front compartment, left	Height 1.04 m	Width 0.64 m	Depth 0.46 m
Horizontal compartment	Height 0.44 m	Width 1.16 m	Depth 0.46 m
Rear compartment, left	Height 1.04 m	Width 0.67 m	Depth 0.46 m

Payload	2005 kg
---------	---------

### Crane Model 2020

Max. lifting capacity	2268 kg
Max. reach	6.10 m
Rotation	400°
Recommended work area	322°
Crane booms	1 hydraulic, 1 manual
Crane controls	Wireless remote control, proportional

### Compressor Model CAS435HA

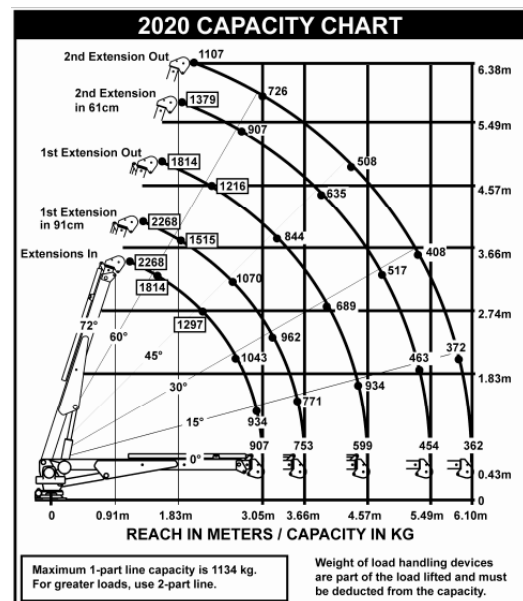

Motor	Hydraulic, V4, air cooled
Air-delivery	1000 l/min

### Welder/Generator

Motor	Kohler petrol motor, 23 PS
Direct current	40-250 A

### Work lights / flood lights

Work light, Variant 1	Halogen, 55 Watt
Work light, Variant 2	LED flood light, >10 Lux up to 13 m
Work light, Variant 3	LED flood light, >10 Lux up to 23 m

The vehicles depicted in this brochure may show options and accessories, available at additional price. Weights are stated according to 97/27/EG. The weights given relate to the standard product without options and accessories, on Mercedes-Benz VARIO 816 four wheel drive chassis according to our standard specification. All data given might vary by +/- 5% due to manufacturing tolerances.
