

Compressors, Welders, Generators

Air compressor IMT CAS435HA

Air delivery	1000 l/min
Operating pressure	15 bar
Power source	Hydraulic
Operating speed	1400 rpm max.
Cylinder configuration	V4
Cooling	Air
Hydraulic tank	45 l minimum
Weight	91 kg

appropriate / available for service vehicle type
 ELITE SK 7.5
 ELITE SK 5.0
 ELITE S 5.0

Air compressor Schneider PetrolMaster

Air delivery	500 l/min
Operating pressure	15 bar
Power source	Honda petrol motor
Operating speed	1140 rpm max.
Cylinder configuration	Twin cylinder
Cooling	Air
Sound level	97 dB
Weight	114 kg

appropriate / available for service vehicle type
 ELITE SK 7.5
 ELITE SK 5.0
 ELITE S 5.0

Welder/Generator Miller Bobcat

Direct Current	40 – 250 A / 9.5 kVA
Power source	Kohler® petrol motor
Cylinder configuration	Twin cylinder
Cooling	Air
Power	23 HP (17 kW)
Sound level	75.5 dB
Weight	252 kg
Hour meter function	

appropriate / available for service vehicle type
 ELITE SK 7.5
 ELITE SK 5.0
 ELITE S 5.0

Welder/Generator Mosa

Direct Current	20 – 210 A / 6.0 kVA
Power source	Diesel motor
Cylinder configuration	Single cylinder
Cooling	Air
Power	8.8 HP (6.5kW)
Sound level	68 dB
Weight	247 kg
Hour meter function	

appropriate / available for service vehicle type
 ELITE SK 7.5
 ELITE SK 5.0
 ELITE S 5.0

Further options for compressors, welders, generators and air systems custom built to your requirements.
